Hon. Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

TERMINAL DISCLAIMER UNDER 37 C.F.R. § 1.321(b) AND (c)

Sir:

HADASIT MEDICAL RESEARCH SERVICES AND DEVELOPMENT  
COMPANY LTD., an organization located at Kiryat Hadassah, 91120 Jerusalem, Israel  
("HADASIT"), and AGRICULTURAL RESEARCH ORGANIZATION, MINISTRY OF  
AGRICULTURE, located at the Volcani Center, 50250 Bet Dagan, Israel ("ARO"),  
represent that they are jointly the assignees of record of the entire right, title and interest, by  
assignment, of the following:

United States Patent Application 09/742,993 ("the '993 application"), for "QUINAZOLINONE CONTAINING PHARMACEUTICAL COMPOSITIONS FOR PREVENTION OF NEOVASCULARIZATION AND FOR TREATING MALIGNANCIES," filed on December 20, 2000, which is a reissue of U.S. Patent 6,028,075, ("the '075 patent"), which issued from Application 08/797,703, filed on February 11, 1997. Application 09/479,660, filed on January 10, 2000, now U.S. Patent 6,420,371 ("the '371 patent") was a divisional application of Application 08/797,703.

An assignment to HADASIT and ARO of the entire right, title and interest in and to the subject matter of the '993 application, the '075 and '371 patents was recorded in the United States Patent and Trademark Office on June 8, 1998 at Reel/Frame 9286/0993 (copy attached).

The undersigned, on behalf of HADASIT and ARO, hereby disclaims the terminal portion of any patent granted on the '993 application which would extend beyond the expiration date of the '371 patent.

The undersigned, on behalf of HADASIT and ARO, agrees that any patent so granted on the '993 application shall be enforceable only for and during such period as the legal title to said patent shall be the same as the legal title to the '371 patent, this agreement to run with any patent granted on the '993 application and to be binding upon the grantee of the patent and its successors and assigns.

The undersigned does not disclaim any terminal portion of any patent granted on the '993 application prior to the full statutory term of the '371 patent, in the event that the '371 patent subsequently (a) expires for failure to pay a maintenance fee, (b)

is held unenforceable, (c) is found invalid by a court of competent jurisdiction, (d) is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), (e) has all claims canceled by a reexamination certificate, or (f) is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

The undersigned hereby states and certifies that:

1. The undersigned is an attorney of record in the above-identified patent application and is authorized to act on behalf of assignee corporation in connection with said application; and
2. The above-identified assignment document has been reviewed and, to the best of the undersigned's and assignee's knowledge and belief, title to the '993 application, the '075 patent and the '371 patent is in assignee.

Respectfully submitted,

---
